THE WHITNEY PLAYERS.

Big Hit Last Night in the Little Widow

The Rowery Walf Tonight. We can say without the slightest hesitation that a better pleased audience has never been seen in our opera house than was gathered there last night. The occasion being the opening performance of the Whitney Players. The piece chosen for their initial production was the musical comedy in 3 acts entitled "The Little Widow," and is without a doubt one of the cleanest, brightest and most amusing comedies ever seen in Newberry. There is not a moment throughout the entire piece when the interest lags, The company is without an exception the best that has been seen here in many months. Miss Jessie Atkinson, in the title role, was at her best and added many more to the large number of friends and admirers she has here. Mr. Edwin Keough, in the character vertise for bids to rent or lease the Op- of "Orlando Kimberly," shows himself era House for a term of 18 months or to be a comedian of a high order as well as an exceptionally clever dancer Miss Erma Wallace, in the "old maid," was simply immense and her every en trance was the signal for shouts of laughter. A Change of Schedule

The C., N. & L has made a change of schedule on its freight trains which will give us better connections at Clinton with the Seaboard Air Line if it will only run on the schedule it proposes to inaugurate.

The morning freight from Laurens to Columbia will run the same schedule as at present, but will be run as a through freight and do no local work from Laurens to Prosperity. From Prosperity to Columbia it will do local work. Returning it will leave Columoia at half past twerve o'clock at night and reach Newberry at 2.40 a. m., doing no local work at all. The local reight will be run only between Laurens and Prosperity and will leave Prosperity at 6 45 a. m. and reach Clinton in time to make connection with the Seaboard going to Atlanta. Returning it will leave Laurens in the afternoon and make connection with the Scaboard train from Atlanta going North.

This will make a much better schedule for Newberry than we have had in a long time and we hope it will be kept up and that the trains will be run on the schedule.

A MOGUL ENGINE.

The Columbia, Newberry and Lauens Railroad Company has bought a 'mogul engine" and on Saturday went over the road on its initial trip. It is a No. 5, 10 wheel Pittsburg engine, rarely seen outside of the large cities with all modern improvements. On and was most thoroughly enjoyed by the initial trip Engineer Land was at the throttle and President Childs was aboard. This is a great addition to the rolling stock of the company.

"THE MOUNTAIN." The Columbia, Newberry and Laurens received yesterday a handsome engine. Number 5, to be used in hauling heavy freights. The locomotive was built by the Baldwin shops, and is

a powerful "eight-driver." When passing through Little Mountain, Miss Estelle Todd of Newberry christened the mogul "The Mountain." The ceremony was completed by the breaking of a bottle of cologne.

President Childs says that that shall be its name, and he keeps the remains of the cologne bottle as a souvenir .-The State.
